### ST. AUGUSTINE FLORIDA DOUBLE CASK \$12

This bourbon is made from a mash bill of 60% regional corn, 22% malted barley and 18% regional wheat. The grains are milled and mashed on site, and fermented with proprietary yeast strains in closed-top fermenters. The Double Cask Bourbon was barreled at 125 proof in 25-gallon, new oak barrels using several different char profiles. Due to Florida's heat and humidity, the decision was made to move a portion of the spirit into 53-gallon barrels to continue aging while preventing over-extraction. This first release is a combination of barrels ranging from 16 to 28 months of age. To really round out the spirit, the team decided to finish 7% of the spirit in port barrels. The resulting blend is round, fruity and well-balanced. After extensive bench trialing, the bourbon was bottled at 93.8 proof to best present the spirit's true flavor.
